The Exorcist: Legion VR is an episodic horror-adventure game for Oculus Rift and HTC Vive in which you take on the role of one of two protagonists. Your goal is to take down the demonic forces that are disrupting society and harming mankind and to find Dr. Stein in time to save him before it's too late. On your journey through America, you will explore large, open environments full of interactable objects, all while solving puzzles and dealing with the supernatural. The Exorcist: Legion VR is an immersive co-op adventure full of gripping story-telling, disturbing imagery, and original music. Each chapter of the game builds on the previous events to tell an original story of exorcism. You experience Dr. Stein's terrifying exorcism firsthand, which you as the player will be able to decide whether to turn on or off at will. If you choose to turn it on, you may see bloody and horrifying details, disturbing hallucinations, and cryptic messages that will guide you. You can then decide to tackle the content at your own pace, consulting the puzzles or just take your time to enjoy the next scary, immersive chapter of the story. The Exorcist: Legion VR features:

- A terrifying tale of exorcism that can be experienced by yourself or in co-op, no two playthroughs are alike.
- Solve puzzles to find hidden items, secrets, and clues.
- The Exorcist is looking for Dr. Stein, and your task is to protect him from his enemies and find him before it's too late.
- Each chapter is a new environment, so you can choose to tackle the horrors at your own pace.
- The game includes original sound-track by composer Jesper Kyd.
- A choice between the Oculus and the HTC Vive version.
- A built in pause option.

About the Creators:

- Jesper Kyd is the composer and guitarist for several acclaimed bands like The Prodigy, Depeche Mode, and Pet Shop Boys.
- He has also composed music for the original Resident Evil 2, Dead Space, and World War Z.

straight from the mouth of 24-year-old Sydney-based author & game developer, Jasper Byrne. If you love music, it's also a recreation of an original song, originally recorded by Jasper Byrne. === Jasper Byrne's "I'm A Raven: an electronic novel (c)2017", is an episodic visual novel that had been in development since April 2017. A quirky story with introspective moments and insane creativity generating actions are just some of what you will find in this game. Experience the adventure with the writer and enjoy the world he has built! The game is complete and in a full-moovin' state. After a years' work and a ton of research, Jasper also produced a beautiful, progressive, ambient soundtrack and created a set of beautiful, anime-inspired illustrations. There is only one thing better than Cat Cash. And that's CatCash. Kitten Madness is a game where you compete to collect as many Cat Cash (money) to buy new levels and cat toys (toys) along with new kitty skins (kits). The primary objective is to help a kitten on a mission to collect toys while avoiding traps which are placed to hinder him. With each level you play, you earn money. You can spend this money on mouse toys, power-ups, kitty skins and more. Kitty Madness is inspired by the game played with Catnip. Get a kitten and start playing! You can play with one or two kitties at once! Use your powers to help them navigate through obstacles and collect mouse toys for CatCash. Features: - Two map types - Collect the Toys and Obstacle Course - Collect mouse toys as your Cat Cash - Collect power-ups to perform your special kitten moves - Find and eat cat food to regain health - Special Kitten Moves - Speed Boost, Hi Jump, Slow Down Time - Save and load levels - Play kitty obstacle course levels - Save the kitties - Send the kitties home - Send the kitty home without saving - Watch the kitties progress - Watch the kitties progress and send them home - Game Center leaderboards for CatCash and highest time - Emojis to communicate with other kitties - Game Center Achievements - Game Center leaderboards for achievements - OpenFeint and Facebook app integration - Special kitty moves: Hi Jump, Speed Boost, Slow Down Time - New cat models and skins to choose from - New levels to play What's New

v2.3.1.2 - 11/26/2016 - Cat Cash cannot be collected during the first level of the game - Cat Cash can now be earned during the first level of the game

CHANGES IN v2.3.1.1 - Fixed a small bug that caused the game to crash if you used the on screen keyboard to input your name (thanks @max77) CHANGES IN v2.3.0.1
